Australian Government National Landcare Program

STAND 10

The Department of Agriculture and Water Resources' work contributes to maintaining and improving international market access for Australian primary producers, encouraging agricultural productivity in our primary industries and supporting sustainable, high-quality natural resources to benefit our producers and the community.

The Department of Agriculture and Water Resources and the Department of the Environment and Energy are delivering the Australian Government's \$1 billion investment in the next phase of the National Landcare Program from July 2018 to June 2023. This investment is part of the Government's commitment to protect and conserve Australia's water, soil, plants, animals and ecosystems, as well as support the productive and sustainable use of these valuable resources.

Landcare Australia

STAND 7

Landcare Australia is a not-for-profit organisation with a vision of all Australians actively caring for the land and water that sustain us. For over 25 years, Landcare Australia has worked collaboratively with federal, state and local governments, corporate partners and sponsors, and individuals, to build capacity for the Landcare community to better manage Australia's crucial land and water assets. Landcare Australia supports the delivery of hundreds of projects annually through the volunteer efforts of local community groups, Indigenous groups, and the more than 5,400 Landcare and Coastcare groups that make up the Landcare movement.

www.landcareaustralia.org.au

Local Land Services and Landcare NSW Inc

STAND 18

Local Land Services is a NSW Government agency that delivers customer-focused services to farmers, landholders and the community. Landcare NSW is the peak representative body for the Landcare movement in NSW. Together in partnership they recognise that they are stronger together in achieving outcomes for communities and landscapes.

www.landcare.nsw.gov.au

National Landcare Network

STAND 6

The National Landcare Network is Australia's national peak body for Landcare and has as its members all of Australia's State and Territory Landcare peak bodies, being, Landcare New South Wales, Landcare Victoria, Landcare Tasmania, The Landcare Association of South Australia, the West Australian Landcare network, Landcare Northern Territory, and Queensland Water and Landcarers, who between themselves and through the National Landcare Network are the representative voices of Landcare in Australia.

www.nln.org.au

Nature Freedom

STAND 8

Nature Freedom is an emerging NFP social enterprise organisation based in Brisbane aiming to inspire, connect and empower young people aged 18 years to 35 who have disabilities and/or mental health to meaningfully access, participate and lead with the environmental projects and adventure programs. We focus on improving social inclusion and accessibility for young people to act and lead on matters that are important to them by collaborating and connecting existing services, programs and projects on an expanding basis.
